Why I Like Teaching at Shrine

Education is a second career for me. When my own children were in elementary school, I volunteered as a room mom, a library aide, and a reading support parent. Soon I was employed as a lunch room aide and then a substitute teacher. What became apparent was that working with children was very rewarding and enjoyable. I feel very blessed to share in a child's education, to watch them learn and grow, and to see those smiling faces every day. At Shrine, I have found a community that embraces a love of God, a love of community, and a love of learning. This truly is the best profession in town!
