Personal Statement

I spent many years working in the field of law enforcement. For years, I saw people making poor choices that impacted their lives as well as the lives of others. I decided to make a career change to become a counselor, specifically a school counselor, so I can help prepare kids for the challenges of life. As a product of 12 years of Catholic education, I consider it an honor to give back for all that I received from the blessing of that gift. I find working with Shrine students a rewarding and fulfilling career and love being a part of the Shrine Family.
