Personal Statement

As far back as I can remember I have always wanted to be a teacher. It is a profession that may not be the most glamorous but it affords the opportunity to be a positive influence in the lives of young people. As a product of the Catholic school system myself, I am excited for the opportunity to be a role model for the students and athletes that I teach and coach, just as I experienced during my school career. The students and staff at Shrine High School are all dynamic and unique and being around them on a daily basis makes for a wonderful school environment.
