Shrine Catholic Grade School, Kindergarten, 2004-Present

Why I Like Teaching at Shrine

I've been teaching at Shrine since 2004 and from the start I knew this was the school for me. My favorite part of teaching at Shrine is the overwhelming sense of community. The parents play a major role in their children's education by partnering with the teachers and staff. We are all here to help these children develop socially, emotionally, academically, and spiritually. Together, as a community, we set high expectations and help the children achieve their goals. I am very proud of all the students here at Shrine, and I'm proud to call myself a Shrine teacher.
