

SHRINE CATHOLIC HIGH SCHOOL AND ACADEMY

S.U.N. Club

In 2008, a student from Korea wanted to form a club to introduce Korean culture to Shrine students. Since then, the SUN club has had a couple of major activities. The main activity is the organization and promotion of the Lunar/Asian New Year. We also have get-togethers for other holidays or to welcome newcomers. In the past, we have eaten at restaurants together, we have played Laser Tag, and we have gotten out the ping pong tables to play. The group likes to play badminton.

During the year, we work at the concession stand so that we can sponsor a good-bye party and ad in the yearbook for the graduating international students. We meet when there is an activity to schedule and anyone can join.
